## Project Overview

In this project, beauty will go beyond your dreams.

This project is for those who realize the great value of the future of real estate investment in Turkey.

The apartment options available in this project are 1+1, 2+1, 3+1 or 4+1.

The project provides many diverse options, all of which combine life and investment.

## Project Overview

No matter what lifestyle you choose and no matter how different the life you want to live, there are options that will suit you in this project.

Unique living spaces for those who seek a happy life.

The project provides all the amenities and high quality of your home so that you can focus only on your goals and quality of life.

Whatever your choice, this project is designed for those who are looking for diversity and originality and aim for a high-end lifestyle.

Daylight was used effectively in all apartments within the project, built to give you comfort and tranquility.

## Project Overview

The interior decoration of the project, which is dominated by modern architecture, is designed by combining all the elements that are worthy of your living.

Many details such as flooring, and lighting have been carefully selected.

In addition to creating elegant and modern living spaces, it aims for you to have a prestigious lifestyle.

In this project you will redefine your bathroom pleasure with elegant, high quality bathroom utensils and meticulously selected first class ceramics.

## Project Site

The project is located in Kucukcekmece area, in a prestigious and well-known area surrounded by transportation networks.

The project is located in the center of Istanbul and is very close to highways, Ataturk International Airport, hospitals, shopping malls, universities and five-star hotels.

The E5 highway is very close to you and the TEM road too.

It is in an ideal location accessible from all directions, whether by public transport or by car.

The project is located in the new center of Istanbul that was established in the north exactly on the axis of the planned development of Istanbul.

## Project Site

The third airport, the roads to connect the third bridge, and the metro stations, were built near the project.

New Istanbul Canal, the largest project in Istanbul, is being built around the project area.

The project is completely located in the middle of a dream world with Health City, Olympic Stadium and many shopping centers around it.
