# Project Overview

It is a housing project that consists of 1 block.  
The project has 8 floors, with 5 apartments on each floor.  
The project offers 2+1 apartments of 110 square meters.

## Project Site

The project is located in the Esenyurt area on the European side of Istanbul.

The project is distinguished by its location near the Metrobus, the most important means of transportation in Istanbul, in addition to its proximity to shopping centers and shops.

Many parks are located near the project.

The project is located in one of the best residential neighborhoods in which schools, hospitals, and all services are available that meet your needs and the needs of your family.
