Project Overview

Project area
26.893 M²

One of the most prestigious developments with views of Marmara Sea in Istanbul, it offers you a unique opportunity near the sea and the green landscape.

The project was built on a land area of 26.893 square meters.

The project consists of 20 buildings with 330 apartments ranging from 2+1 to 4+1, in addition to duplex apartments with large balconies.

why

This Project ?

The company responsible for the construction of this project is a well-known development company with more than 40 years of construction experience.

The advantage of buying properties under construction, to gain a high return on investment. Reasonable prices and flexible payment plans.

The distinctive location of the project near to West Istanbul Marina.

The project has green areas, large gardens, and a beautiful sea view.

The low difference between gross and net area.

Project Overview

These apartments, with a wide range of sizes and wide spaces suitable for all tastes and families, in addition to the integrated social and health facilities in the project that meet all your wishes.

The project has special features including 19.500 square meters of green areas, waterways, walking paths, and gardens.

In this project, the sea will be an essential part of your daily routine, where all the blueness, the clear air, and the view of the sunset will provide you the luxurious life you have always dreamed of.

You can reach West Istanbul Marina in just a minute of walk from your home. Also, the coastal road will be close to you to add positive energy to your evening walks and bicycle trips.

Project Overview

All apartments have large balconies with sea views.

The Master bedroom has an en-suite private bathroom and a large open living room.

Harmonic architectural design, full family privacy, large gardens with 360 degree sea viewm great investment return, affordable prices and effortless payment plans, all these features add value to this project.

Project Site

The project located on the European side of Istanbul, in Yakuplu, Beylikduzu district.

The project has a unique strategic location, accessible from all parts of Istanbul without traffic problems in the shortest possible time.

There are many transportation options available, such as IDO (sea transportation), which offers bus services to Besiktas, Fateh, and the Asian side of Istanbul.

It is located near the highway and the new ring road. Also, it is very close to Ataturk International Airport and The Third Airport.

The project is located right by the Marmara Sea with its West Istanbul Marina, and it contains a Hotel, School, Hospital, beaches, and a large Marina with a lot of restaurants and cafes.

Project Site

The project is located in Beylikduzu area.
The location is convenient and located
directly on the sea.

A number of commercial and public transport
centers, governmental and private hospitals and
universities are nearby.
