Project Overview

Project area

2.100^{M²}

The project is a 3-storey villa within a residential complex.

The interior space of the villa is 750 square meters.

The area of the garden is 1350 square meters.

The direction of the villa is south, and it has a sea view.

Project Site

The project is located in Buyukcekmece district on the European side of Istanbul.

The project is located near the road connecting the lines E5 and E80.

The project is located next to elite schools, hospitals and shopping centers,

and the project also provides an advantage by being close to the main roads,

and the project is within walking distance from the sea.

Buyukcekmece district is distinguished by its proximity to important areas in Istanbul,

such as Beylikduzu and Bahcesehir, in addition to its proximity to the main roads in the city.

Buyukcekmece district is a lively residential area, fully serviced and available with public transportation.
