Project Overview

Project area
250.000 M²

It is a residential and investment project built on a land area of 250.000 square meters.
The project was developed and built by one of the most famous and finest construction companies in Turkey.
The project includes 2550 apartments, 330 offices and 35 shops.
The areas vary between 47 square meters and 508 square meters.
The project is under construction, and the project will be delivered in December 2021.

Project Site

The project is located in the Asian side of Istanbul, in Atasehir area, the business and commercial center.

Atasehir is one of the largest and most famous areas in the Asian side, as it is a tourist destination for people coming to Turkey from all over the world in order to visit its various landmarks, in addition to the reason for its popularity and importance due to the presence of the largest local and international financial centers.
