## Project Overview

Project area  
**40.000** M<sup>2</sup>

A residential project built and constructed by one of the best construction companies in Turkey.

The project was built on an area of 40.000 square meters, and on a land area of 7.000 square meters, in Esenyurt on the European side of Istanbul.

The project includes 269 apartments with different areas ranging from 1+1 to 4+1, and the project includes 15 commercial units suitable for investment.

The project is under construction and it is suitable for families.

## Project Site

It is located near to the most important highways in Istanbul at all (E5) and at the same time near the metrobus which is the most important public transportation in Istanbul.

The project is centrally located and surrounded by universities and hospitals and includes many shops to meet all your needs.
