Project Overview

Project area
4.313 M²

This project is for those who are looking for high quality and never compromise on it.

In this project, your dream will come true in your home with a wonderful view of the islands, which will fill you with the energy of life and live peacefully in front of the charming view.

It is a boutique project that includes 186 apartments, and you will have the sincere neighborhood relations that you yearn for in this complex.

Project Overview

The project contains 186 apartments with options of 1+1, 2+1 and 3+1 in two blocks. This project also provides you with a living space of 4.313 square meters, a distance of 28 meters between buildings and open green spaces.

You will feel the elegance and simplicity of this project, with a large and prestigious lobby, where you and your guests will be welcomed.

You will get the comfortable life you deserve in this project, where first class special materials are used and every detail is taken care of.

In this project with a simple and elegant architectural structure, you will be able to control the sunlight entering your home as you wish, thanks to the sun shade panels, while you will be satisfied with the view where you will find peace with the high windows extending from the ground.

Project Overview

With the stores located right under your house, you will meet all your needs and enjoy an easy life.

You will be able to see your guests and communicate with the apartments and other security units within the project thanks to the intercom system in your apartment.

You will be able to access your home directly from your car park, thanks to the elevators within the project.

In addition, your car will be safe and protected from the effects of weather conditions in closed parking lots.

Project Site

The project is located on the Asian side of Istanbul, in Kartal district, with direct views of Marmara Sea and the Princess Islands.

The project's distinctive location near highways, metro and public transportation, which has earned it a high value and great importance in the area.

You will be able to get anywhere you want to go between cities or within the city easily with unlimited transportation alternatives available at your doorstep.

The project is distinguished by its location on the minibus route in the middle of the E5 motorway and the coastal road.

In this project, you will be in an area where transportation alternatives such as Marmaray, high-speed train line and metro intersect and you will get rid of the transportation problem.

Your dream home is waiting for you within walking distance to important places like schools, hospitals, banks and pharmacies, you will not waste time to reach public transportation and you will feel the comfort of life at every moment.
