Project Overview

It is a housing and investment project built by a well-known construction company in Turkey.

The project has a land area of 5817 square meters, and it is characterized with its beautiful design and architecture.

The project consists of two blocks that contains 116 apartments.

The apartment options in the project are 2+1 and 3+1.

The apartments areas ranging between 79,12 and 90,61 square meters.

The project located in Basin Express area, which has been launched as the new business center of Istanbul in the last 3 years.

The project set out with an idea of "The greenest project in the district".

The special location of the project in Basin Express area which offers you a long-term investment opportunity.

Project Site

The location of the project in Basin Express indicates that it is within the area of the gathering of hotels, large companies, shopping centers, commercial and educational centers as well as hospitals and universities, and this area was specifically designated as the best destination for real estate investment in Istanbul for the years 2019, 2020.

The most prominent feature of this project is its location near the main roads in Istanbul, E5 and TEM Highways which provides easy access to Istanbul International Airport.

The project is located in an area surrounded by the most important real estate investments and high-end facilities, which is an area close to the new Istanbul Airport, so this project guarantees profits.
