Project Overview

This stage located at the heart of the project, will increase both the investment value and the quality of life of the project with its 350 meters long and over luxury brands.

The project will also offer its residents the opportunity to reach entertainment in a few steps.

The project hosts a brand-new concept with residence blocks and the view of the Islands.

This concept, which has a private terrace area for your home, brings together multiple functions in a single space.

Multi Home is the name of this special concept that can be used as a home, home office and office, where you can turn your kitchen into a reception when you want, and turn your living room into a meeting room and second bedroom.

You can benefit from concierge and valet services and choose the most suitable apartment plan options for you.

In this project, the sense of quality and aesthetics is instantly noticed in the interiors as well.

The interior decoration of the houses is made with first class materials, and all apartments are delivered ready to live.

The apartments have ready-to-use kitchen and bathroom cabinets, coat rack, oven, built-in cooker, hood, refrigerator, dishwasher and washing machine with dryer.
