Project Overview

Project area
102.000 M²

The project built by a well-known company always striving for excellence.
A healthy life full of comfort and joy has begun at this project!

The first phase of 747 apartments of this project - a three-phase construction project covering 102.000 square meters - have been delivered as promised, allowing residents to start their new lives in comfort and security. The second stage will be completed and delivered by the end of 2020.

Project Overview

Once the third stage of the project is completed, it will constitute the most dynamic and well-developed locale in Bahcesehir, boasting over 2.500 homes and its own shopping street with over a hundred shops.

Italy's past and present, rich in architecture, parks, streets and gardens, was the inspiration behind both the project's name and concept.

The energy and excitement of life in this project is right beneath you! Everything you need for the good life is here.

With over 2.500 apartments and an extended shopping street featuring a wide selection of shops, restaurants and cafes, this project stands out as one of the most dynamic and socially active locations in Bahcesehir.

Project Overview

All the amenities you need, including cafes, restaurants, boutiques, hairdresser and supermarket, are located beneath your home, just an elevator ride away.

You even have immediate access to a gym, Spa, and indoor pool without ever having to leave the property.

Project Site

The project is located in Çengelköy area on **the Asian** side of Istanbul.

Thanks to the advantageous location of the project, you will experience the privilege of reaching every point of Istanbul comfortably and quickly from your home.

Enjoy the privilege of being in the center of Çengelköy, in a location overlooking the Bosphorus, between two bridges, in a location that offers easy access to everywhere.

Reaching your home in minutes as soon as you get off the bridge with your car, or taking a nostalgic Bosphorus cruise from Çengelköy Pier is a part of life for those living in this project.
