## Project Overview

It is a housing project built on a land area of 5.635 square meters and has a construction area of 18.560 square meters.

The project consists of a single tower with 13 floors.

The project includes 169 apartments and 65 stores.

Apartment types start from 0+1 to 3.5+1, with areas ranging from 60 to 221 square meters.

The project has wide green areas and city views.

The construction of Kanal Istanbul in the project area makes it a real investment opportunity.

The project is ready, and the title deed is ready.

# Project Site

The project is located in Kucukcekmece area on the European side of Istanbul. Kucukcekmece area is a distinctive and fully serviced area with public parks, schools, and public services, in addition to shops, restaurants, and shops to meet all daily needs. The project is 5 minutes away from the metro station, and it is only 25 minutes to Istanbul Airport. Being 5 minutes away from the metro station gives the project high investment and real estate importance. The project area is 20 minutes away from the city center, which increases the importance of the project. There are some private universities such as Sebahattin Zaim University, Altınbaş University and Aydın University in the project area. Near the project, there are a group of health centers, state and private hospitals such as Kanuni Sultan Suleiman State Hospital. The project is 5 minutes away from the most important shopping centers of Istanbul and luxury shopping centers such as Mall of Istanbul.
