Project Overview

Project area
53.533.40 M²

A new residential project where safety meets comfort and social activities.

A new life awaits you in the most important point of Istanbul, a simple and warm lifestyle.

The dream of a happy and peaceful family has come true with this project.

The total building area of the project is 35.533.40 square meters, and the total land area is 17.296 square meters.

Project Overview

The car parks in the project accommodate 298 vehicles.

The project consists of 3 blocks and includes 198 housing units.

With its architecture, comfort, view and very special privileges, this project invites you to a life you have always dreamed of.

This project offers you a life opportunity where you and your children can have fun in both indoor and outdoor social facilities.

The doors of your home will open to a comfortable and safe life with high quality social facilities.

Residential apartments are designed to meet different needs with the smallest details in mind.

Comfort and quality are always top priority in your new home.

Luxurious apartments with interior designs that mix quality and beauty with pleasure.

Project Site

The project is located in Basaksehir district on the European side of Istanbul.

Basaksehir district is located in the heart of new Istanbul, which has grown rapidly and steadily in the past two decades, which represents a real success in Istanbul's urban planning.

Basaksehir district is distinguished by its mega projects, wide green spaces, modern architecture and regular construction.

An additional advantage of Basaksehir area that it is completely surrounded by the third airport, the North Marmara Highway and Istanbul Canal, which add to it an investment and real estate importance.

Project Site

The project is located in one of the most important development centers in the city, as it is located within the boundaries of Basaksehir district in western Istanbul.

The TEM motorway passes from the north of the project, and the E5 motorway passes from the south.

On the western border, on the north-south axis, there is Basin Express Road.

The project will be implemented in the area between Ataturk Olympic Village in the west and Ikiteli Organized Industrial Zone in the east.
