Project Overview

Project area
36.000 M²

It is a housing project was built on a land area of 36.000 square meters.

The project consists of 20 blocks of 14 floors that contain 1262 apartments, in addition to 75 stores.

The apartments options ranging from 2+1 to 4+1.

Project Overview

Beauty has no limits in this project. Every place you look in this project has a different privilege.

You can swim in the indoor swimming pool or play basketball on the streetball court. You can take up new hobbies in the hobby garden or refresh in the pilates/yoga hall.

Inside the project, there is a track that is exactly 650 meters long. This track contains all of the running, walking and cycling paths.

All you have to do is choose the way you want to sweat without leaving the site!

This special project offers a unique playground comfort to children, our most valuable assets.

Children will have a good time in the themed playgrounds consisting of stepping stones, metal reeds, climbing wall, sand pool, slide, tunnel slide and playground hills. While they are having fun, you will rest with peace of mind.

Project Overview

The endless sea view is different during the day and different at night. It is impossible not to be immersed in this peaceful view.

Moreover, blue will not only be your landscape, but also life itself.

Thanks to the large water gardens and ornamental pools located next to the resting and walking areas, the purity and refreshing effect of the water will accompany you at every moment.

Your dreams, your loved ones, your vehicle and you...

Everything that makes life beautiful is under guarantee in this project.

With 24/7 private security, indoor parking and a private living space, you will feel comfortable and your loved ones will be safe.

Project Site

The project located on the European side of Istanbul, in Zeytinburnu district, on the shore of the Marmara Sea, just outside the walls of the ancient city.

The project located at the very intersection of all new transportation systems, road, sea and rail systems of Istanbul right beside the Historical Peninsula.

In this project, the sea will become part of your daily life, where you can reach the marina with only one minute's walk from your home.

The project located in Veliefendi district in Zeytinburnu area, the center of the city, right next to the E5 highway.

When transportation opportunities are taken into account, it offers investors an opportunity to earn money that they will not want to miss.
