Project Overview

Project area
30.000 M²

In this project, our aim is to make it's homeowners live the deepest life feelings of coastal and seaside lifestyle.

It is a housing and investing project was built on a land area of 30.000 square meters.

The project was designed with different apartment types according to the needs, ideal & functional meters square different with considered were spaces.

Project Overview

The project consists of 18 blocks and contains 367 apartments with different options ranging from 1+1 to 5+1.

Here the horizontal comfort was reinforced by the vertical comfort; therefore we have designed the height of the ceiling to be at 3.50 meters.

Useful interior layouts were complemented by balconies and terraces that reinforce the sensation of spaciousness.

Imagine you are sitting on the pier in front of your house, watching the sunset moments of Marmara sea! The unique coastal life with 13 Km coastline will be part of your daily routine.

The sports and social facilities within the project will add value to your life.

You will always be close to the water with its sea-based endless swimming pool. Your children will also join you at the children's play pool and sand pool.

Project Overview

Your children will be entertained in the playground which is right in front of you in 'BABALU', which is one of the biggest playhouses in Istanbul.

The project contains parks that merges green and blue, where you will spend the perfect time with your loved ones.

The charm of living the holiday of all year seasons, a peaceful life at the shore of Istanbul, the luxury lifestyle you have always dreamed of will become reality in these apartments.

Project Site

The project is a real investment center with its unique location in Buyukcekmece district on the European side of Istanbul that offers an exponentially increasing investment value for new investments.

Buyukcekmece district is distinguished by its proximity to important areas in Istanbul, such as Beylikduzu and Bahcesehir, in addition to its proximity to the main roads in the city.

Buyukcekmece district is a lively residential area, fully serviced and available with public transportation.

We have chosen as a modern seaside neighborhood for this project, away from the complexity of Istanbul, to be one of Istanbul's today and tomorrow most unique locations.

As a part of the sea, you will enjoy the coastal life, if you were looking for a house with all kinds of social facilities and activities providing you 12 months of holiday life concept.

The closest access point to E5, TEM and northern highway is just 5 minutes away.
