Project Overview

Project area
5.400 M²

The project is being constructed by Agaoglu Omak Construction Company, which has long experience in the real estate market for 30 years. The project consists of A-B buildings, with a height of 16 floors, with views of the Marmara Sea, Princess Islands and gardens.

The total number of the apartments within the project are 163 apartments, ranging from 1+1 to 5+1, with different areas ranging from 64 square meters to 255 square meters.

The land area on which the project is being built is 5400 square meters, of which 75% are green areas. Building A on each floor contains 4 apartments and 4 elevators, and B building contains 6 apartments and 5 elevators. The project contains two floors parking and storage.

Project Site

The project is located in Maltepe neighborhood in Kartal district on the Asian side of Istanbul.

Kartal is one of the business and life centers of the Asian side of Istanbul.

The project is located in the most prestigious neighborhoods of the city, as it is located near the most famous shopping and entertainment places in Istanbul, Baghdad Street, and the vibrant Marina, which contains an exceptional variety of boutiques and restaurants.

The project attracts attention with its proximity to the E5 highway and the metro station, as well as its proximity to the sea.
